Sprint review feedback form

Thank you for supporting our students' learning. During the sprint review, the team presents a provocatype and other sprint results. Your feedback helps the team understand what works well and what to improve in the next sprint.

Company / organisation: Responsible IT

Contact person: Yuri Westplat

Date of review: 8 oktober 2026

Project name: Fashion Police

---

1. **The team demonstrates a clear understanding of our context and needs**

☐ Below expectations V Meets expectations ☐ Exceeds expectations

Comment:

De fashion component komt een beetje terug in de concepten, maar kleding moet veel meer naar voren komen.

2. **The provocatype and other sprint results match what was agreed upon for this sprint**

☐ Below expectations V Meets expectations ☐ Exceeds expectations

Comment:

Er zijn 4 werkende prototypes gedemonstreerd, zoals afgesproken. Goed gedaan.

3. **The team clearly explained how they validated the provocatype (e.g. through user testing) and what they learned from this.**

☐ Not visible v Partly visible ☐ Clearly visible

Comment:

De prototypes zijn getest met mensen. Dit mag vaker gebeuren: ook met mensen buiten je direct omgeving.

4. **The sprint review was clear, well-structured and supported by evidence.**

☐ Below expectations V Meets expectations ☐ Exceeds expectations

Comment:

Prettig en informeel

5. **Overall, how satisfied are you with the results delivered during this sprint?**

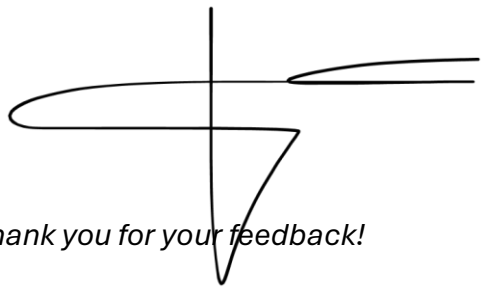

☐ Not yet satisfied v Satisfied ☐ Very satisfied

6. **What are the strongest aspects of the team's work and delivered results in this sprint?**

De veelzijdigheid van de oplossingen.

7. **What is the most important improvement you would like to see in the next sprint?**

Hou de komende sprint 4 concepten nog even aan en ga daarmee itereren en testen. Kies dan de meest aansprekende en test die op society 5.0

Thank you for your feedback!

Please return this completed form to the team so they can upload it as part of their sprint review assignment.
